About Malina More Studio

A warm and welcoming place for the arts and crafts.

Founded in 2023 by Anna, Malina More ASBL is a non-profit organisation that shares knowledge and excellence in the arts and crafts, regardless of race or gender identity. We host a mix of free and paid events and workshops, art-centric talks, and fundraisers for artists and refugees.

Why ceramics, arts & crafts workshops?

Natural social interactions

Organic conversations, which rarely happen in board rooms.

Low-pressure bonding helps new team members and introverts connect easily.

Soft skills development

Growth mindset: nothing goes quite as planned, so people pivot to find creative solutions.

Patience and focus, thanks to the slow rhythm of these activities.

Cultivating mutual support

Peer encouragement, sharing tips and tricks when someone is struggling.

Appreciating diversity through outcomes in many different styles.

An even playing field

Hierarchical reset: everyone is a beginner, facing the same material challenges.

Collective pride: every piece, however different, is a reminder of a shared effort.

Up to 50 participants at our studio. Onsite workshops can welcome more.

Handmade Ceramics Workshop

Learn the art of hand-building ceramics by modelling and shaping a plate, a bowl or a mug from clay, then painting the piece with special ceramic paints.

Format: during the first hour, each participant hand-crafts a unique piece, shaping it and adding decorative details. After a coffee break, the pieces are painted. The price includes two firings and a transparent glaze applied by the instructor.

Duration: **2 to 2.5 hours**
6 to 14 participants: **€70 per person**
15+ participants: **€65 per person**

Final products are food-safe, dishwasher-safe and microwave-safe.

Paint a Pre-made Piece

Paint your own food-safe ceramic piece! Skip the prep and go straight to decorating a high-quality, pre-fired piece. A fun, beginner-friendly way to make a custom, functional piece for your home or office.

Format: each participant chooses one mug or one plate, and paints it with special ceramic paints using different decorative techniques. Coffee break after the first hour. The price includes two firings and a transparent glaze applied by the instructor.

Duration: **2 to 2.5 hours**
6 to 14 participants: **€60 per person**
15+ participants: **€55 per person**

Final products are food-safe, dishwasher-safe and microwave-safe.

Air-dry Clay Workshop

Participants hand-build unique pieces from air-dry clay and decorate them with paints. Unlike traditional clay, it dries without firing: everyone takes their piece home the same day, wrapped in a cloth, and lets it dry over 24 to 48 hours.

Format: ideal for decorative objects such as small sculptures, candle holders, ring dishes, trays for jewellery, coins or keys, and other home accessories. Coffee break in the middle of the workshop.

Duration: **2.5 hours**
6 to 14 participants: **€50 per person**
15+ participants: **€45 per person**

The resulting pieces are not food-safe or liquid-safe.

Acrylic Painting Workshop

Each participant gets a blank canvas and all the painting materials needed to create something truly beautiful.

Format: participants follow their own inspiration or choose one of our prepared examples. Coffee break in the middle of the workshop. Everyone leaves with their finished painting: a memory of the experience, a decoration for the home or a meaningful gift.

Duration: **2 hours**
6 to 14 participants: **€55 per person**
15+ participants: **€50 per person**
